

## **Business Resilience Certification Consortium International**

Business Resilience Certification Consortium International (BRCCI. [www.brcci.org](http://www.brcci.org)) is an international business resilience certification body offering designations of Certified Business Resilience Manager (CBRM), Certified Business Resilience and IT Professional (CBRITP), and Certified Business Resilience Auditor (CBRA). In addition, BRCCI has a certification track leading to Masters Achievement in Business Resilience (MABR). Currently more than 3000 individuals have been certified through BRCCI world-wide.

BRCCI provides an advanced business continuity and resilience education curriculum and promotes open-concept and international standards-based methodologies. The training seminars and examinations are offered through official BRCCI training partners and affiliates. To register for training and certification, visit BRCCI training affiliate Sentryx at [www.sentryx.com](http://www.sentryx.com) or call 1-800-869-8460.

	<p><b>CBRM - Certified Business Resilience Manager Seminar</b></p> <p>The CBRM Seminar is a comprehensive all-in-one 3-day business continuity planning and management training course which is designed to teach practical methods to develop, test, and maintain a business continuity plan and establish a business continuity program. The seminar provides open-concept education and is based on industry best practices and guidelines for the business continuity planning lifecycle management.</p>
	<p><b>CBRA - Certified Business Resilience Auditor Seminar</b></p> <p>The objective of the business continuity audit course is to teach students how to assess a company's ability to maintain continuity in the event of a business disruption. It provides 2 days of intensive business continuity audit training to enable students to determine the effectiveness, adequacy, and quality of an organization's Business Continuity and Resilience Program.</p>
	<p><b>CBRITP - Certified Business Resilience IT Professional Seminar</b></p> <p>The CBRITP course teaches students how to develop, test and maintain IT disaster recovery Plan for recovering IT and telecommunications systems and infrastructure in the event of a disaster or business disruption. The workshop provides a comprehensive step-by-step IT disaster recovery plan development methodology, and presents key IT availability planning concepts and principals.</p>
	<p><b>MABR – Masters Achievement in Business Resilience</b></p> <p>BRCCI offers a certifications track leading to Masters Achievement in Business Resilience (MABR). MABR is the highest level designation which signifies that an individual has completed the CBRM or CBRITP certification, CBRA certification, and a minimum of 4 years of experience in business resilience and continuity related fields.</p>
